Pam:

When you receive the bid waiver back from Richard Kelly for the above referenced item, please hold it and give me a call. Based on the closed out Purchase Order that Denise has coordinated with you, we can reduce the overall amount of the amendment. We may even be able to reduce it such that we're under the 15% threshold which would mean that we would not need the revised bid waiver approved by Finance.

Let's talk.

Thanks,
Valerie
